Art Unit: 2611

DETAILED ACTION

1. This Office Action is responsive to the Preliminary Amendment filed on 5/1/06.

Accordingly, claims 1-16 are currently pending.

Drawings

2. The drawings are objected to because of following reasons:

Blocks 25, 26, 27, 28 of figure 3A, and blocks 44 and 45 of figure 3B should be labeled with corresponding functional names in order to help viewers to understand the figures. For instance, block 25 is suggested to be labeled with "Digital Correlation means", etc.

Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

5. References 6934524, 6891905, 20030043947, 6642797 and 6356608 are cited because they are pertinent to the claimed invention.
